**DTAG Update**
July 10, 2018

- Approximately 12,000 lines of approximately 18,000 lines have been transitioned to VoIP
  - Project is on track for substantial completion by end of calendar 2018
  - Currently reaching out to all groups remaining for tentative scheduling for October and beyond
  - Phase 2 will include currently out-of-scope lines including fax, elevator, and emergency lines (specifics and timelines in 2019 to be determined)

- June major groups included:
  - General Library System – Memorial Library
 - Housing – Eagle Heights (administrative and common areas)

- July major groups include:
  - SMPH Department of Surgery
  - Some VCRGE departments
  - Some L&S departments
  - Some CALS departments

- Unified Communications (UC) and Collaboration Tools – Webex Meetings and Webex Teams
  - Power Early Adopter Group – completed May 29th
    - 240 users
  - Early Adopter Groups – scheduled July 23rd
    - 1500 users
  - Full campus deployment for all faculty/staff
    - Aiming for end of September 2018 (some external dependencies with Cisco)
  - Full campus deployment for students
    - Originally licensed only for Webex Teams (formerly Spark)
    - New Cisco promotion allows us to add all students to Webex Meetings
    - Timeline to be determined
