AGENDA

1. Approve/edit [notes](#)
2. Campus Cloud Strategy
3. Discussion of impact on researchers (Joe Johnson)
4. Data Stewardship Access and Retention (Nick Tincher)

Background: Last December, when RTAG was in the process of being “re-oriented”, we asked members to read through recommendations from a small working group on the Policy on Data Stewardship, Access, and Retention. We haven’t discussed this since. RTAG members are asked to provide their feedback on the draft recommendations so that RTAG could agree/disagree with the recommendations, and if agreed, pass them along to Norman.

[Policy](#) and the working group [recommendations](#) attached for refresher.
