

TLTAG Monthly Meeting Minutes

November 8, 2019

1:00 PM – 2:30 PM

260 Bascom Hall

1. Introductions/Minutes/Updates (John Parrish)

- Motion to Approve October Minutes – Andy Goldstein motioned to Approve/ Jeff Korab seconded: September Minutes were approved

2. Announcements - Steve Cramer

- There is reduced time that students are taking to get a degree – Under 4 Years
 - Down to 3.9 years
- Those who finish sooner tend to have more AP credits and larger credit loads per semester
- Major declaration and career planning - this is decreasing

3. Proctoring Software - Steve Cramer

- Close to making a decision on proctoring tool (Digital Exams)
- Levels of potential service
 - Student perspective - certified Live proctoring is extremely distracting
- Considering a one-year agreement (not a 5 year contract that UW cannot get out of)
 - Run 2 Proctoring Software side-by-side
- Desire from some students to have testing done professionally
 - Still have room for students to test take in (procurement of rooms can be difficult)
 - Who is this affecting the most? Who is doing the metering? Who is helping adjudicating?
- Where that might best originate
